

DSTP Mathematics Materials List by Grade Level and Session for Spring 2007

- Calculators are necessary for one portion of the Mathematics subtest as detailed in the chart below.
- Students are NOT allowed to share calculators.
- **There must be one calculator per student for testing.**

Session	Materials For Grades 2-10	Calculator Use For All Grades	
First Day Of Math	<ul style="list-style-type: none"> • A “Testing-Do Not Disturb” sign for the classroom door. • Two soft-lead (No.2) pencils with erasers for each student. • A ruler with centimeter and inch markings for each student. [provided by Harcourt] • Support materials booklet with scratch paper, a hundred chart for grade 2 and formula sheets for grades 6 through 10. [provided by Harcourt] • Highlighter is allowed 	<p>NO CALCULATOR ALLOWED FOR ALL GRADES</p> <p style="text-align: center;">Except</p> <p>Grade 7 – A scientific calculator** for each student</p> <p>Grade 9 – A graphing calculator for each student</p>	
Second Day Of Math	<ul style="list-style-type: none"> • A “Testing-Do Not Disturb” sign for the classroom door. • Two soft-lead (No.2) pencils with erasers for each student. • A ruler with centimeter and inch markings for each student. [provided by Harcourt] • Support materials booklet with scratch paper, a hundred chart for grade 2 and formula sheets for grades 6 through 10. [provided by Harcourt] • Highlighter is allowed. 	Grades 2, 7, 9	NO CALCULATOR
		Grades 3,4,5	A calculator for each student (appropriate for elementary students)
		Grade 6	A scientific calculator for each student.
		Grade 8	A scientific calculator ** for each student.
		Grade 10 and retest	A graphing calculator for each student.

** The Delaware Department of Education recommends a scientific calculator for students in grades 7 and 8. However, **if your students are accustomed to using graphing calculators, their use is permitted.**

Attention: The past practice of switching testing days for Grades 7 and 9 to accommodate calculators is no longer permitted.
