

Delaware Student Testing Program

RESULTS OF THE SCIENCE AND SOCIAL
STUDIES ASSESSMENTS
SPRING 2004 ADMINISTRATION
GRADES 8 and 11

Prepared by the Assessment and Analysis Group
Assessment and Accountability Branch
Delaware Department of Education

October 2004

OFFICERS OF THE DELAWARE DEPARTMENT OF EDUCATION

Valerie A. Woodruff

Secretary of Education

Dorcell Spence

Deputy Secretary of Education

Susan Keene Haberstroh

Executive Assistant

Robin R. Taylor, M.Ed.

Associate Secretary, Assessment and Accountability Branch

Lewis Atkinson, III, Ed.D.

Associate Secretary, Adult Education and Workforce Development

Nancy J. Wilson, Ph.D.

Associate Secretary, Curriculum and Instructional Improvement Branch

Wendy B. Roberts, Ph.D.

Director, Assessment and Analysis Work Group

Darlene J. Bolig, Ed.D.

Helen C. Dennis, M.A.

Jeffery L. Fleming, M.S.

Katia F.S. Foret, Ph.D.

James F. Hertzog, M.Ed.

Patsy G. Kersteter, Ph.D.

Joann F. Prewitt, M.A.

Liru Zhang, Ph.D.

Support Staff:

Gail R. Truxon

Elaner M. Brown Barbara F. O'Neal

Theresa L. Kreer Kimberly K. Rodriguez

STATE BOARD OF EDUCATION

Joseph A. Pika, Ph.D., President

Jean W. Allen, Vice President

Richard M. Farmer, Jr.

Mary B. Graham, Esquire

Valarie Pepper

Dennis J. Savage

Claibourne D. Smith, Ph.D.

The Department of Education does not discriminate in employment or educational programs, services or activities, based on race, color, national origin, age, or handicap in accordance with state and federal laws. Inquiries should be directed to the Department of Education, Human Resources and Quality Management, P.O. Box 1402, Dover, Delaware 19903-1402, or telephone (302) 739-4604. For more information about the DSTP, write to the Department of Education, Assessment & Accountability Branch, P. O. Box 1402, Dover, DE 19903-1402, or telephone (302) 739-6700.

Document Control No. 95-01/04/09/10

This report is available on the World Wide Web at <http://www.doe.state.de.us/aab>.

Executive Summary of 2004 Results

DSTP Science & Social Studies, Grades 8 and 11

The results from the fifth administration of the grades 8 and 11 Science and Social Studies portions of the Delaware Student Testing Program (DSTP) are part of a long-term effort to gather data on our students' educational progress and to use the data to inform our decisions about instruction. Studied over time, the data will help identify trends and patterns that can be directly related to curriculum and instruction, giving districts and schools additional decision-making tools. Science and Social Studies data for grades 8 and 11 are summarized in this document. The data include summaries of test scores and participation. Science and Social Studies data for grades 4 and 6 are published in a separate document.

DSTP results are summarized at three levels: the state level, the district level and the school level. This executive summary contains the state level results. The two accompanying summaries are the district level results and the school level results. If a district or a school has fewer than 15 students in a given category (the Standards-Based Score N is less than 15), the number of students is reported, but the summary statistics associated with those students are not. Students are included in the Standards-Based Score N if their score is considered to be aggregable¹. In contrast, the Tested N includes all students, regardless of whether their scores are aggregable or non-aggregable. Therefore, the Standards-Based Score N will often not be equal to the Tested N.

The Science and Social Studies data are reported as Standards-Based Scores (SBSs) and Performance Levels (PLs). The SBSs measure students' progress toward Delaware standards in each content area. The SBSs in Science and Social Studies come from items developed in Delaware. They are reported on a scale that runs from approximately 100 to 500.

PLs tell how students are performing relative to the state's content standards. Delaware has five performance levels as indicated on the following page.

¹ See the *Delaware Student Testing Program Guidelines for Inclusion of Students with Disabilities and Students With Limited English Proficiency* for a definition of aggregable and non-aggregable scores.

DSTP and DAPA Performance Levels

Students who took the DSTP receive a performance level in science and social studies. Each DSTP performance level is based on the student’s Standards-Based Score. Students who completed a DAPA portfolio receive a performance level in science and social studies.

Level	Category	Description
5	Distinguished	Excellent performance
4	Exceeds the Standard	Very good performance
3	Meets the Standard	Good performance
2	Below the Standard	Needs improvement
1	Well Below the Standard	Needs significant improvement

Cut Scores for the DSTP and DAPA Assessments

The cut scores for DSTP Science appear in Table 2. The indicated numbers represent the lowest possible scores a student can earn and still be within the indicated performance level.

Grade	Below	Meets	Exceeds	Distinguished
8	280	300	325	338
11	282	300	325	335

Table 3 contains similar information for Social Studies. The indicated numbers represent the lowest possible scores a student can earn and still be within the indicated performance level.

Grade	Below	Meets	Exceeds	Distinguished
8	282	300	325	335
11	276	300	325	337

Table 4 contains the lowest possible score a student can earn on the DAPA portfolio and still be within the indicated performance level.

Level	Performance Level	Score Range ²
5	Distinguished (excellent performance)	19, 20
4	Exceeds the standard (very good performance)	17, 18
3	Meets the standard (good performance)	13-16
2	Below the standard (needs improvement)	10-12
1	Well below the standard (needs significant improvement)	5-9

² If any portfolio dimension scores a 1, the proficiency level drops down one performance level.

Participation Rates

A goal of the DSTP and DAPA is to have as many as possible of Delaware’s public school students at each test grade participate. To achieve this goal, participation guidelines for students with disabilities and limited English proficient (LEP) students and procedures for granting special exemptions and invalidations have been established by the DOE.

DSTP

Eligible N. All students enrolled in a public school are eligible to take the DSTP unless they participate in the Delaware Alternate Portfolio Assessment (DAPA) or they were granted a Special Exemption. It is the sum of “Tested N” and “Not Tested N.”

Exempt N. Some students were granted a special exemption from the DSTP due to physical or mental conditions or reasons of an emergency nature, such as death of a family member, accident, hospitalization, etc. Special exemptions or invalidations were also granted for students who were unable to complete all or part of the test due to conditions beyond the student’s control that developed during the weeks of testing. These students are counted in the “Exempt N” column.

Tested N. “Tested N” is the number of students who took the DSTP. Invalidations may have resulted due to behavior caused by the student such as cheating, disruptive behavior, refusal to test, etc. This type of invalidation resulted in a performance level 1 for the content area(s) affected and the student is counted in the “Tested N” column.

Not Tested N. Students are counted in the “Not Tested” column if they are eligible to take the DSTP but are absent during the entire test week and the make-up week that follows.

% Tested. The percent tested is calculated by dividing “Tested N” by “Eligible N.”

% Not Tested. The percent tested is calculated by dividing “Not Tested N” by “Eligible N.”

Table 5 – Science Participation

Grade	Eligible N	Exempt N	Tested N	Not Tested N	% Tested	% Not Tested
8	10,202	21	9,784	418	95.9	4.1
11	7,330	11	6,687	643	91.2	8.8

Table 6 – Social Studies Participation

Grade	Eligible N	Exempt N	Tested N	Not Tested N	% Tested	% Not Tested
8	10,198	25	9,762	436	95.7	4.3
11	7,332	9	6,625	707	90.4	9.6

DAPA

Eligible N. A student is eligible to participate in the Delaware Alternate Portfolio Assessment (DAPA) if he/she meets the requirements in the *Guidelines for Inclusion* and the student's IEP calls for participation in the DAPA. If such a student is granted a Special Exemption, he/she is excluded from counts of eligible students. Eligible N is the sum of "Tested N" and "Not Tested N."

Exempt N. Some students were granted a special exemption from the DAPA due to physical or mental conditions or reasons of an emergency nature, such as death of a family member, accident, hospitalization, etc. Special exemptions were also granted for students who were unable to complete all or part of the portfolio due to conditions beyond the student's control that developed during the data collection period. These students are counted in the "Exempt N" column.

Tested N. "Tested N" is the number of students who participated in the DAPA. A portfolio may have been scored as "Incomplete" if it was missing a required component or at least one of the scoring rules was not satisfied. A score of "Incomplete" resulted in a performance level 1 for the content area(s) affected. Therefore, such a student is counted in the "Tested N" column.

Not Tested N. A student is counted in the "Not Tested" column if he is eligible to participate in the DAPA but no portfolio was submitted and the student was not granted a special exemption.

% Tested. The percent tested is calculated by dividing "Tested N" by "Eligible N."

% Not Tested. The percent tested is calculated by dividing "Not Tested N" by "Eligible N."

Table 7 – DAPA Science Participation Rates

Grade	Eligible N	Exempt N	Tested N	Not Tested N	% Tested	% Not Tested
8	102	4	102	0	100.0	0.0
11	53	0	53	0	100.0	0.0
