

RTI Café Conversations Guiding Questions

“Conversations that Matter”

(Possible discussion starters – do not need to answer all)

- **What were your school’s first steps in this implementation process (i.e. data review, professional development, reorganizing structure, re-prioritizing resources)?**
- **What supports did your school have in place when implementation began?**
- **What changes to your previous practices were necessary for implementation?**
- **Who lead the changes with implementation?**
- **What role did leadership take during this process?**
- **What have been the opportunities so far?**
- **What have been the challenges so far?**
- **What adjustments/changes would your school make knowing what you know now?**
- **What resources are available to your school to support this implementation?**
- **What steps is your school taking to ensure research-based practice?**
- **What steps is your school taking to sustain practice?**
- **What plan does your school have to evaluate fidelity?**
- **How is your school working out the time concerns with implementation?**
- **What influence has this had on your school culture?**
