

## SUMMARY INFORMATION

This section contains two parts. The first part presents, in color, the most requested facts on education in Delaware. In most instances, more detailed information can be found in the body of the *Report* and is so noted on the respective figures. The information in the body of the *Report* is provided in table format. The color figures in part one, however, are provided in map and graph form so that the reader may more readily access the information being sought. We hope that this summary of Delaware facts proves to be user-friendly.

The second part follows the color figures and contains summary information about the state of Delaware and each district and charter school.
