Document No. 95-01/11/10/02

FOREWORD

This report is presented in three parts. Part I contains the actual unit allotment information for September 30, 2011, excluding Dover Air Force Base (DAFB). Statewide, the number of Division I units is 9,033.04 and the number of Division II units is 10,242.00. Please review the notes relating to units on page 26. These notes assist the reader by listing the units and other related information for special education schools and for certain vocational education programs.

Part II of the report contains district enrollment data for regular and special education students. Regular enrollments are presented by grade, grade grouping, school, district, county and state. Special education enrollments are presented by needs based categories, school, district, county and state. Students with disabilities are not required to receive a minimum number of hours of special education instruction to be counted as special education. This report represents the first year of the full implementation of the needs-based funding system. Governor Jack Markell signed into law House Bill 1, in February 2011 which became effective on July 1, 2011. The needs-based funding system allows services for children with disabilities to be funded based on identified individual needs rather than on their classification or placement. The needs-based funding systems also provides districts and charter schools with more flexibility in the provision of special education services and is intended to be more equitable in ensuring that resources are distributed based on the specific needs of students receiving special education services.

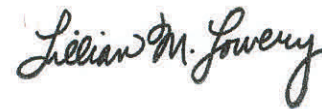

Part III of the report contains data for regular and special education students enrolled in Charter Schools. These enrollments are presented in the same format as detailed in the above paragraph. In addition, the Charter School pages also incorporate district enrollments to provide a total state enrollment. It should be noted that Charter Schools first opened in the Fall of 1996.

Part IV of the report contains data for the 2011–2012 Estimated Unit Count. Governor Jack Markell signed into law SB16 on April 13, 2011. The new law is intended to help Delaware school districts by enabling them to make hiring decisions and job offers earlier in order to recruit qualified teachers for the coming school year. The law requires the state to complete no later than April 15 of each calendar year a district-level projection of Division I teacher units known as the “estimated unit count”. Since the bill was not signed by the Governor until April 13, 2011, the “estimated unit count” was to be finalized no later than May 13, 2011.

Total district and charter school enrollment for September 30, 2011, excluding Dover Air Force Base (DAFB) is 130,102. This represents an increase of 1,267 students (+0.98%) over September 30, 2010 enrollment of 128,835. Enrollment at DAFB for September 30, 2011 is 518 students. The number of students enrolled in charter schools for September 30, 2011 grew to 10,322 an increase of 797. The enrollment trend continues to show steady growth with the last two years representing increases of 1.32% and 1.10%, consistent with this year’s increase.
