

Delaware Summer Food Service Program (SFSP)

Instructions for Determining Area Eligibility using School Data

Sponsors can qualify an open site using school data by certifying that the site is in the attendance area of a school where at least 50% of the children are eligible for free or reduced-price school meals. The school selected must be in the current school feeder pattern for the address.

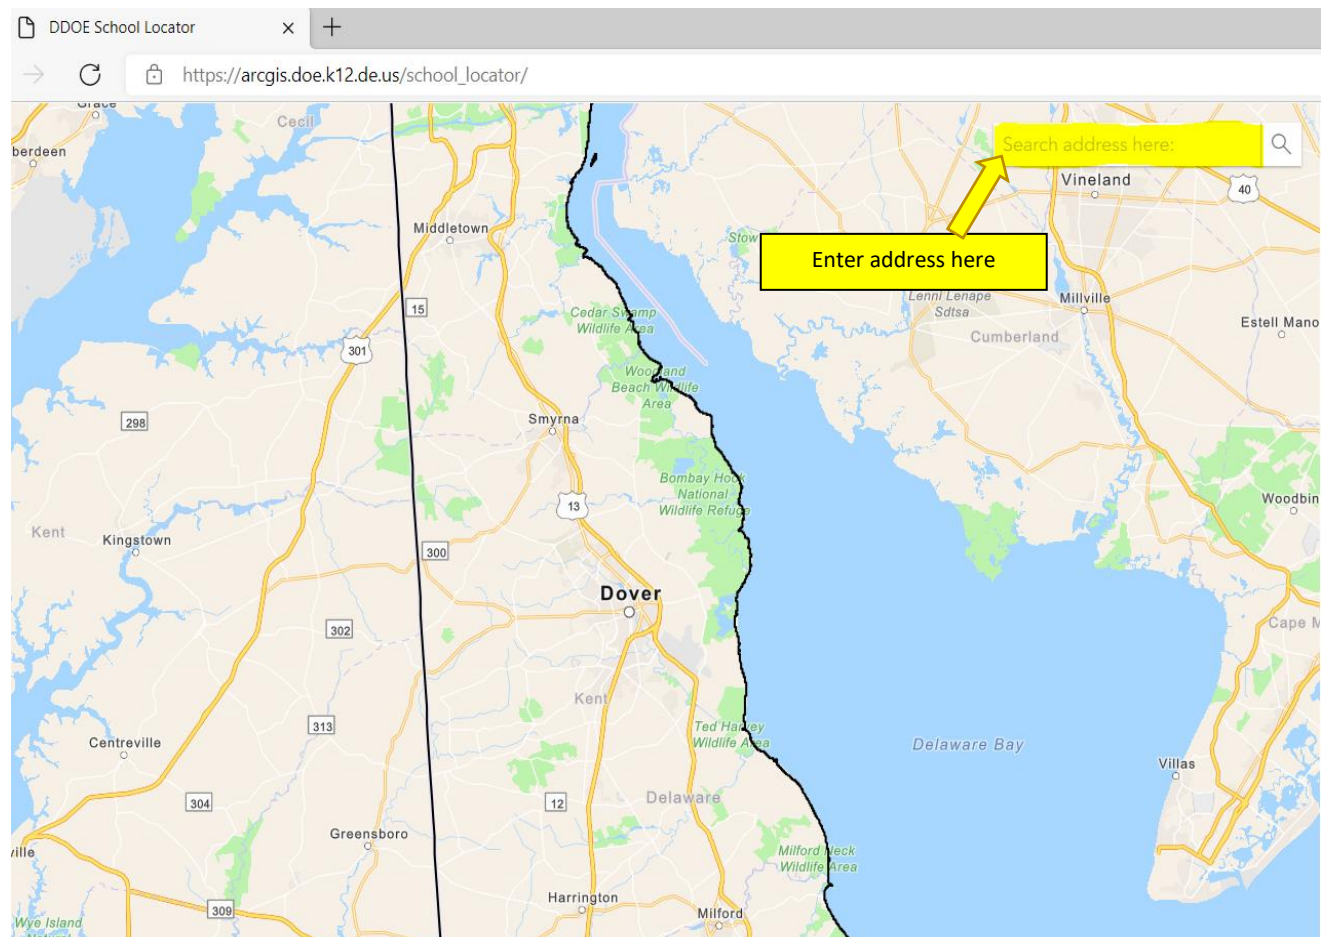

The following steps will show you how to find the school feeder pattern using the Delaware Department of Education (DDOE) School Locator Tool. This tool provides the school district and schools with the feeder pattern for the address entered for the current school year.

Step 1: Go to DDOE School Locator Tool using the following link:

https://arcgis.doe.k12.de.us/school_locator

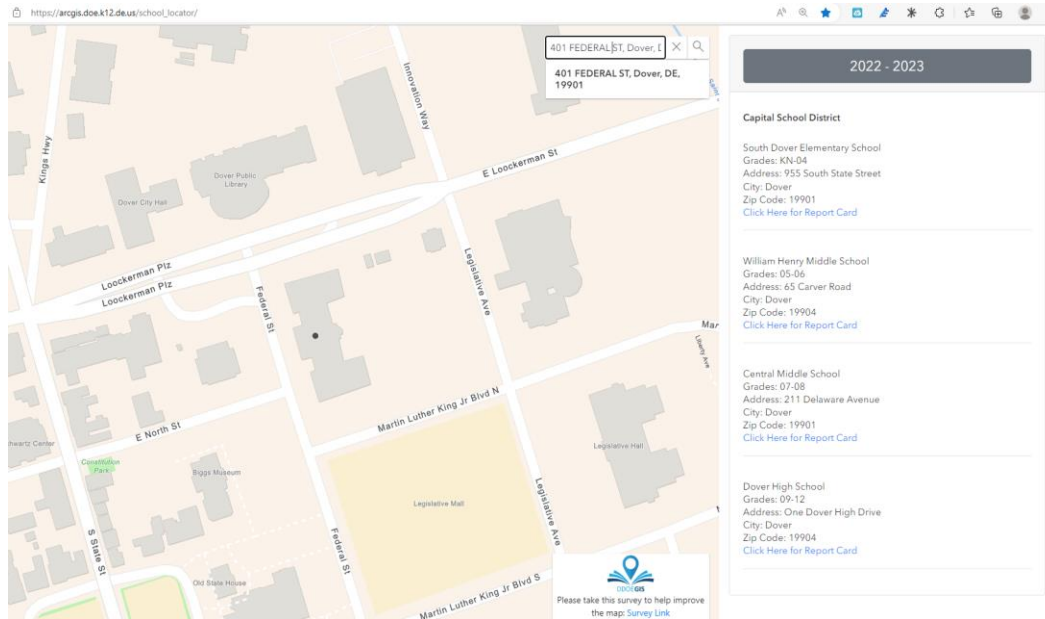

Step 2:

Once the map opens, enter the address of the site in the top right bar as seen highlighted here.

Step 3:

Using the address of the Townsend Building, located at 401 Federal Street, Dover, DE, 19901, as an example, the following map and feeder pattern will populate. Once the feeder pattern is determined, the sponsor should use the list of free/reduced percentages by school provided annually by DDOE to see if one of the schools listed is 50% or more free/reduced.

Step 4:

This site qualifies based on school data. October 2022 data reflected an 86.62% free and reduced percentage at William Henry Middle School.

DELAWARE SCHOOL DISTRICTS	
FREE & REDUCED PERCENTAGES PER SCHOOL
