CSAC Initial Meeting: January 28, 2015
CSAC Initial Report Published: February 2, 2015

Upon receipt and reading of the initial report there are no areas that the school feels needed a response or further clarification. We appreciate the time and effort the committee took in reviewing the request and preparing questions prior to the meeting. We plan to be in attendance at the next hearing, the week of February 23rd, to address any additional questions or concerns that may arise.
