Academy of Dover

Mr. Rodriguez, our most sincere thanks to you and your wonderful team for the outstanding job that you guys do each and every day with our most precious jewels and our future world leaders.

Trinity has been attending AOD since kindergarten. We choose this school because of the academy curriculum that was presented to us, alone with the assurance that our child would be challenge in every area of her academy growth. She is now in the fourth grade, and throughout the years we have witness firsthand how your staff have lived up to the goals that have been set before them, for themselves and for those of the children in their care. I am most appreciative of their personal interaction with her from day one to the present, and the positive affect that it has had on her. It is our deepest desire that she attend the fifth grade with you and your staff at The Academy of Dover.

Again we would like to thank you and your staff for all of your hard work.

Sincerely,

TO : ACADEMY OF DOVER

A PRECIOUS GIFT

When a child becomes of age, parents and guardians must choose where they will attend school. We received great recommendations from church members (Calvary Baptist), some of whom were also teachers and that's why we choose the ACADEMY OF DOVER for our grandson.

Over the past four years, we have grown to appreciate and admire the school and its staff for their professional and caring manner. When children enter the school in the morning there's always someone there to escort them into the school. Upon leaving school, there's always someone there who escorts them to the awaiting car; opens the door and leaves them with a smile on their faces.

During AOD meeting the principal explains present and coming events. At this time the parent receives an opportunity to visit your child home room, meet the teacher and experience what your child is learning.

If there's any kind of problem (school closing because of inclement weather, or any emergency, the parents are notified by the office personnel or your Childs teacher.

These are just some of the reasons why our grandson will remain at the Academy of Dover. We feel that our grandson (Quaseem) is receiving the best educational experience possible and we want that to continue.

When we send our kids to school, we want to know that our children are receiving the best education and care possible, and from our point of view The Academy of Dover has provided this and much more, plus Giving US PEACE OF MIND!

THANK YOU
Frances & Earl

To whom it may concern:

For the 2013-2014 school season, we wish to re-enroll Alexis Mifflin in the Academy of Dover Charter School. We have been more than pleased with the level of education that Alexis has received and the growth that we have seen in her, since beginning this school.

Thank you,

To Whom It May Concern:

My child Caesar Gilbert, is currently enrolled in the 4th grade at the Academy of Dover. I am sending this letter; as an advocate for the implementation of the fifth grade. My son has been enrolled at the Academy of Dover since Kindergarten. I am impressed with the school's achievement's over the years, as well as the opportunity for my child to participate in band at such an early age. It is a positive learning environment, equipped with the right staff to help students achieve their goals; to not only be successful students, but all around better people. A fifth grade, would be an additional year for my son to mature and get mentally prepared for his transition to middle school.

Thank you for your time and consideration,

Charles Gilbert

To Whom It May Concern;

My child, Peyton Brown, would benefit from the addition of 5th grade at Academy of Dover Charter School for numerous reasons.

- 1) She would truly benefit from continuing to learn in a familiar atmosphere.
- 2) Transportation is very convenient for me as a single parent.
- 3) The teachers really encourage children to perform their best.
- 4) I feel as though a transition to middle school will be accepted easier by Peyton after another year of maturity.

My child would definitely attend Academy of Dover Charter School for the upcoming 2013-2014 school year if 5th grade was an option.

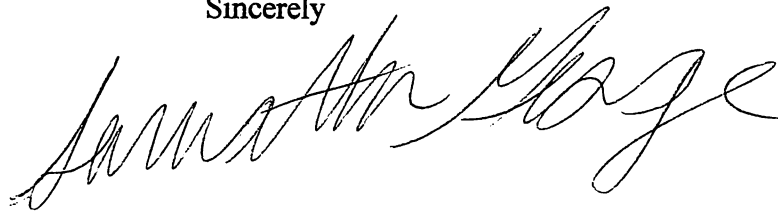

Thank You,

To whom this may concern:

I would like my daughter Mahogany George to continue to attend Academy of Dover next school year. She will be going to the fifth grade. I feel that Academy of Dover has a lot more to offer her at this time than any other school. Mahogany has attended Academy of Dover since she was in kindergarten and I have seen nothing but improvement from her. She also enjoys going there. Whenever Mahogany has to miss a day of school she gets so upset. I love how there is always someone there to help her if she needs the extra help. I also love the fact that Academy of Dover does not allow the kids to run wild. Whenever I visit, the hallways are always quiet whether there are kids in it or not. I also notice how there is never any kids in the halls without a teacher present. I feel very comfortable sending my kids off there. I hope my daughter would be able to continue to go there next year.

Sincerely
