Dear Mr. Savino:

I am pleased to inform you that the minor modification request submitted by MOT Charter School to expand the facility by adding an additional 19,000 square foot building has been approved. This modification falls within the range for a minor modification, as defined by DOE Regulation 275 9.9.1.7.

Due to the nature of the minor modification, additional conditions have been imposed on the charter:

In addition, by August 15, 2010, the school's Board of Directors shall submit for review and approval a progress report on the construction of the new building, and monthly thereafter until a Certificate of Occupancy is secured.
3. By September 15, 2010, the school's Board of Directors shall submit written verification that it has adequate insurance on the contents of the newly constructed buildings.

Sincerely,
