Family Foundations Academy is a great asset for learning and allows children to be challenged. I see a big difference in my two girls who started in the Colonial School district and the growth that I have witnessed is outstanding.

Family Foundations has been a large reason for my child's success. The teachers are extremely supportive and I would like for the school to be able to renew it's contract.

FFA has been god-send to our family. Their attentive, caring and loving staff has created an environment in which my son is able to flourish. The curriculum continues to challenge my son, and the teachers are not only well trained, but they really show that they care for their students. I am a proud member of the FFA family, and appreciate the continuance of the charter so that my child and continue to flourish.

To Whom It May Concern

I am requesting that FFA be considered for Charter Renewal. It is vital at this time, as our children of all ages that attends FFA do show the progress that any parent can be proud of. I can speak with this conviction because my son has attended this school since 4th grade and is now in 8th grade. He has made much progress and I have no regrets that I did choose this institution of learning for my only son

The faculty of this institution of learning are focus, and serious, also committed to the cause of molding these young minds to move on to higher learning. As my son looks forward to high school, I've noticed the care and the emphasis placed on getting our children placed into high school that is best for them. Therefore with such appreciation, I have no difficulty in asking for renewal of FFA.
