Subject: Dr. Brewington Family Foundations Academy

Hello Mr. Murphy,

I attended the board meeting at Family Foundations Academy Charter School this evening. Dr. Brewington was suspended for 90 days. The parents were told nothing. There was a discussion about a 5 year old student in front of the attendees of the meeting where the board asked our opinion to resolve the issue?? I have attended the meetings for 7 years. I have never heard the discussion regarding the discipline of a student in front of other parents. The board could not tell us if the parent was even ever educated on her choices or resources. I believe the parent was present. This child needs some intervention, there seems to be a trigger. The childs advocate was there but she was barely allowed to speak. We were dismissed for an executive session, called back in and told due to management issues Dr. Brewington was suspended. I did not see or hear the co-director was dismissed

or suspended for any misdeeds he admitted to. The parents wanted to know who would be acting director during her absence as of tomorrow and they did not have an answer. Two of the board members did not attend because they were totally against the process. I believe this board was one sided as they were chosen by Mr. Moore "Cronies"

I do not believe Dr. Brewington was treated fairly or given the chance to have a lawyer present to defend her. Is this the price for telling the truth? There will be having a PTA meeting next week, what do we tell our parents. Our Teachers are now in fear of retaliation, how will this affect the children.

My son no longer attends Family Foundations, however I am still a member of The De. PTA, [REDACTED] at FFA because I believe in the vision of the school.

Any information, advice or help you can give us will be greatly appreciated.

Thank you,

[REDACTED]

On Thursday, December 4, 2014 8:02 PM, theresa hoyt <hoyttheresa@yahoo.com> wrote:

Hello, my name is Theresa Hoyt, I have two children that attend Family Foundations Academy (Raven Hoyt – 7th grade and Robyn Hoyt – 2nd grade). We have arrived to the community over the summer months at the beginning of August and as you know settling in and preparing for another school year is definitely a challenge. However we were looking for a school for the children to attend and came upon *Family Foundations Academy*. I contacted the school spoke with Ms. Stahl who gave me nothing but positive raves of the school. I researched the school online and read the reviews both pros / cons, and I must say I was

excited to come and see for myself what made the school so great / wonderful. We came to the school and met Dr. Brewington and were truly amazed at what was said and the sincere personable experience that we received. We have a child Robyn Hoyt that has a disability from a disease called Epidermolysis Bullosa. I mentioned it to Dr. Brewington and asked her to review and see if the school can accommodate Robyn. We left came back for Open House and Dr. Brewington was very well aware of the disease and told me that she and her staff are willing to accept Robyn and make special accommodations for her. I was then given an opportunity to share with the staff a special video that talks about the disease to make them aware of what to expect. At first there was a minor resistance from a staff member, however Dr. Brewington saw that type of behavior was dismissed immediately. I was truly impressed with both the professionalism and the care that was given after the video was shown. I have been given the opportunity to have all of my concerns addressed in a timely manner; for example if I called, or sent an email, I would promptly receive a response back within 2 hours at the most. That is great especially with the multiple challenges that one faces throughout the day. At the beginning of the school term there were a concerns regarding the buses / scheduling. Just as there are schools, gas stations, churches and any other business on every corner there is always going to be some type of adjustment to the opening of the establishment; whether it is the traffic, price, or the surroundings. However Dr. Brewington handled everything in stride, and kept the momentum going. Not one time did I ever see

Dr. Brewington throw her hands up and say "*this is bad*", "*I can't take it anymore*", "*I had enough*", or "*this is too hard*". Dr. Brewington's attitude and behavior has always been the same professional behavior that I have seen from Day 1. The children love Dr. Brewington very much, which comes from being greeted in a warm loving manner. I understand that school is supposed to be a place of learning, however not everyone understands what that means. Some people just send their children to school and consider the school to raise the children. We on the other hand expect for the school to educate and prepare the children for the work that is waiting for them, and right now without an education the world is not a nice place to be in without one. To some individuals all they see the school as a place to get a pay check and to others it is their life, like Dr. Brewington. Dr. Brewington has assured me that the children will be treated with respect, and the education is by far the best offered in Delaware. It is truly hard for the children and I to walk into the school and not see Dr. Brewington, and greeted in the warm manner that we have been receiving from the day one. We understand there is a contingency plan in place, however the match will not be met as we have received from Dr. Brewington from the day we came into the school Day 1. Just as there are expectations of students, we too have expectations of the school administration and teaching staff. We expect to have the best education for the children at all times, we understand there may be complications that arise, regardless of the situation, what matters is how the situation was handled. Might I also add any situation added has always been handled in the most professional manner by Dr.

**Brewington. We have always told the children
"never let a situation control your behavior, you
control your behavior". We can honestly say that
we have seen first-hand the very lessons we
teach the children, treating people with respect,
courteous, and honesty is what we have
received from Dr. Brewington. Thank you very
much for your time and taking a moment out of
your day to read our praises of Dr. Brewington.
Please feel free to contact us at any time, again
thank you!**

**Best,
The Hoyt Family**

Theresa Hoyt

Subject: Re: Family Foundations Academy

Hello Ms. Whalen,

Mr. Smith is also on the Citizens Budget Oversight Committee, I believe he works in the finance field also. I know there was a complaint made about only males on both committees so Ms. May was selected on the Board and [REDACTED] was chosen for the Oversight committee, Dr. Brewington did not have a choice. Elijah Did step down because of the steps that were being taken, he was not in agreement. Mr. Fletcher was the other male participant. There are no Spanish, Indian or Caucasian, African, Jamaican or otherwise participants on the board. This one sided Board has operated for many years.

[REDACTED]
Mrs. Brooks nor any members of the board ever showed up to the meetings.

Now all staff was directed by Mr. Moore to have any questions or complaints directed to himself or Mrs. Brooks, she was there because she was asked to handle issues coming from the Elementary school. How many of these Directors today What ever I make you tomorrow have degrees in education and are really concerned about the children.

We were then called a PTLA " Parent Teacher Leadership Association, not actually affiliated with the PTA although I am a member. Our communications did not go out even though we emailed information to the teachers. If a notice was posted on the door it was removed. [REDACTED] some great people that would come to educate our parents but only 3 or 4 people would show up most of the time it was the same people. I would always see parents and they said I did not get an email, and the Teachers would say I always sent out your information. Some parents would receive and others were in the dark.

[REDACTED] gain I ask that I am not mentioned by name.

I plan to attend the meeting on the 9th for the Charter renewal, I am trying to make sure

some of the parents attend, our PTA meeting will be held on December 10th at the elementary location. Family Foundations Academy is a good school, it has the potential of being a great school, however some things must change. this should not be a fraternity house but a Elementary and Middle school. Enough is enough.

It takes a village to raise a child, but the community to raise a school.

Thank you for listening,

[REDACTED]

Subject: Family Foundations

Hello all

I am a parent of FFA. I have to say I am in such dismay of the unprofessional conduct of the board members. They are supposed to be governing the school why are they not governing their conduct and being transparent and unbiased? Some of the parents met tonight to talk about how to continue supporting the PTA and Dr. Brewington. We discussed the services of the Wellness Center that is in the school. Ms. Dolcy told some parents that she couldn't stand Dr. Brewington because she was in charge of the program. She told them Mrs. Brooks felt the same way. My son sees one of the counselors and has learned how to deal with his emotions. I first learned about the program through Dr. Brewington. Did you realize that Dr. Brewington is a certified counselor as well? Now that Dr. Brewington is gone Ms. Dolcy is in charge of the program who is not certified in counseling. She is certified in English. She is the School Climate Director but is nasty to all. She just wanted to be Dr. Brewington. I have walked past her numerous times and she doesn't even speak.

It seems that none of the board members, Mr. Moore, Mrs. Brooks, or Ms. Dolcy like her so why are they there? She put the blood sweat and tears into the school not them. We also discussed Mr. Brooks putting her on the board after she filed a complaint against Dr. Brewington, how is that at all fair and ethical?

After the PTA meeting this week we discussed having a seat on the board. Ms. Starcks who coordinates the PTA informed us that she asked Mr. Fletcher and Ms. May could she join the board a couple of weeks ago and they told her no. She asked why and they said we have enough people. Mr. Moore has also cut off communication to parents through the Schoolreach program. Dr. Brewington sent us bus notices, reminders, etc all the time. According to staff he and Ms. Dolcy have been in and out of her "locked" office that was changed as if she is not coming back.

If we can't complain to the board and they don't conduct themselves accordingly then who can make them?

There are laws and rules boards have to follow. This board is very one sided in their actions and conduct. I know the school is up for renewal. Dr. Brewington built a good school and program and it should be granted on that merit. It should not be granted if the board remains in place and the school is without Dr. Brewington. Her forced leave is impacting everyone including students. The board meeting on 12/2 was the worst. They treated her so bad and read her suspension to the group. They forced her to sign and told her if she didn't they would fire her.

Help us bring Dr. Brewington back.

Please consider the staff, student, and parent requests for the sake of FFA.
You may use my letter for charter renewal purposes.

Respectfully submitted
Ms. Carlson

hello all

The things at FFA are getting worse.
The board of directors are trying to have a meeting without disclosing the time to parents and the community. They sent a email informing staff and parents that Ms. Monique Dolcy will be appointed to the board as the certified teacher.

If you search the same EEOC site that published the sexual harrassment suites against Mr. Moore you will see one filed against Dr. Brewington from Ms. Dolcy. She states Dr. Brewington doesn't like her. Monique Dolcy is currently dating Mr. Moore. In a public meeting Dr. Brewington was addressed about Ms. Dolcy's complaint. So why is the board continuing to purposely stack things against Dr. Brewington?

Who can stop this???

please help our school
students and staff are in the middle

We want Dr. Brewington back

Please help us

I also know that he used state money to buy his two mercedes benz cars.

Mr. Moore talks a lot in public especially among his fraternity brothers.

He has told us about all the parents he has slept with at the schhol. He talks most about Ms. Dolcy and sleeping with her and that this is what he and the board have wanted all along. She has wanted to be Dr. Brewington so bad and by sleeping with Mr. Moore she got that.

what can aprents do? why don't you question the board conduct? you are responsible for ensuring parents are heard and that are public schools are run properly. Mr. Moore is not a certified school leader. Mr. Alston is not a certified teacher yet he is on the board. Mr. Brooks has his wife working at the school. Mr. Moore worked at the school and got paid while he was president on the board. why are you not doing anything about it?

what can parents do?

hello

I was at the public meeting tonight and Mr. Moore was arrogant as hell. The board members are arrogant. The board and Mr. Moore has threatned staff and told them not to

speak to Dr. Brewington for any reason. They told staff she would be the reason if the charter is not renewed. Mr. Moore even told them they cannot talk to her if they see her in public. Mr. Moore changed the locks on the school. Mr. Moore is having sexual relations with Ms. Dolcy. Mr. Moore has stolen money. Mr. Moore has told people this is what he

wanted. He wanted Dr. Brewington out the way. I know the circle Mr. Moore hangs out in. I see him and the board members at parties together. His Mason fraternity is after him for stealing money. Mr. Moore has slept with parents at the school. He has sexual harrassment cases against him. What more needs to be told to you.

Why do you allow staff of the state to be threatened? Do we need to get legislatures involved? The board thinks you won't do anything to them. If you can't do something who can? Who can demand an investigation? Who can demand that the board bring Dr. Brewington back? This was her vision. She is the face of FFA not this fucked up board and Mr. Moore. How are they allowed to be fraternity brothers and be on the board? They were all in agreement to try and get rid of her. I heard them at a restaurant. The board minus Dr. Brewington. Mr. Moore was there with them talking about her.

What can parents do?

Hello

I had to go back to some other emails to find your contact information. Its not on the school website anymore. The contact info Im sure goes to Mr. Moore and Mrs. Brooks the Satisfaction Officer and gets dumped. I looked to see if Dr. Brewington's information has been removed. I wanted to let you know that I am a grandparent of a student in Mr. Alston's all boys class. Did you know this was Dr. Brewington's idea? Although Mr. Alston is not certified (looked him up on DEEDS) she gave him a shot.

We are all very disturbed by this action. I spoke with some parens who wanted to stage a walk out but the kids need their education from a program designed by Dr. Brewington. I have contacted Senators and Vice President Biden who is a friend of the family. I have encouraged parents to write their Senator and other local community constituents to bring attention to your power move. I volunteer in her school and it is now erily quiet. No one is laughing and smiling they are scared for their

jobs. They have been told to not speak to her. How can you deny Freedom of Speech to anyone? Did the board really think about what this would do. You want the charter renewed so bad you would sacrifice Dr. Brewington. Your idea of good for the school and ours seems to be different. You wanted her quiet but raised hell with everyone else. Are you trying to replace her? I am sure she played a huge part in the renewal and submission.

Did you think about how this would impact her family? Did you know someone very close to her died yesterday? Did you know her mother is now ill probably heart broken from this travesty. You demonstrate three deadly sins, wrath, greed, and envy. I know none of you are educators by profession so why remove the educator? The certified school leader. Ironically Mr. Moore is now in charge and he posted on social media, "please remove this obstacle." I noticed Mrs. Brooks is by his side all the time. Did Dr. Brewington have a personal assistant? She was at work morning, noon, night, weekends, and holidays. Mr. Moore is hardly at work but yet he is now in charge.

We feel you are trying to make her look bad. Changing locks. Telling people not to speak up. What are you trying to do? Why such a drastic action during this time? You wanted to shut her up but raised hell with others. God knows your secrets. Nothing stays in the dark. As Christians how could you slaughter one of your own? Did you do this because she was different? Outspoken about what was right?

I pray for you but I will contact as many as I can. I have contacted the National Charter School Alliance and Arne Duncan. They can't do anything but they can know.

hello Taxpayers,

Governor Markell and Senators Coons and Carper and Secretary Mark Murphy

I am a taxpayer and my money goes into public schools for them to be run properly and with integrity. This mess at FFA is out of hand. I got a letter from the school stating Ms. Monique Dolcy will be appointed as the certified teacher. I was at a meeting where this same woman complained about Dr. Brewington to the board. She told her friends that she filed a complaint with the EEOC against her at the instruction of Mr. Moore whom she is currently dating.

We already know that all the board members are friends of Mr. Moore and now they are going to appoint his girlfriend to the board??? The tax payers are insiting for the reinstatement of Dr. Brewington. This board was always stacked against her with all males, all male friends of Mr. Moore, all members of a fraternity, the board president's wife works at the school, what more are they allowed to do?
I am going to tell other parents to complain about this action and

complain about the appointment of Ms. Dolcy.
I am going to inform the news.

You protect our money and schools. Why are not doing that?

Mr. Brown

Subject: For the renewal record

Hello

M. Carlson contacted us and told us to send more letters. I don't care if you use my name. Use all my letters. My taxes go into the school and pay Mr. Moore's salary and Dr. Brewington's. This board is voluntary. None of them can do anything to me.

What they are doing to Dr. Brewington is retaliation which is against the law and violating her Freedom of Speech rights and she has whistleblower rights and protection. If a parent or staff member feel that anything that is being done in or at the school is not in the best interest they have a responsibility to report it. The board wanted their lies covered up. They lied to the department and deceived the community. They have purposely perpetuated intimidation toward staff and left a man in charge of the school who is not qualified to run it. They are obviously mad at her for not playing the game. This is who we need to run the school. Not the board or Mr. Moore.

Why is the department allowing this deceptive and malicious group to continue to operate? Mrs. Brooks works at the school and her husband is on the board they wanted it covered up. But since she is paid with my tax money and not privately I have a right to know. The online

checkbook is great. She doesn't use her name she uses a business name. Now this same couple wants to put another couple on the board Ms. Dolcy to protect Mr. Moore. They have not performed their duties as a board. They have lied and purposely kept others from joining. They have not done and will not do anything in the best interest of FFA!

Can anyone stop this? Can we the parents remove the board because of their unprofessional conduct?

Reinstate Dr. Brewington

Hello,

I am a parent of two children who attend the elementary school as well as the middle school. By far I am not pleased with the school not following their own policy and procedures that they have in place. When questioned you get a run around response, and one never gets the correct answer. I've sent several emails throughout the school year thus far regarding policy and procedures, teacher turnover, bathroom conduct, extremely late buses, and inappropriate conduct from staff members. I often feel like my concerns fall on deaf ears. This school lacks professionalism, ethics, and compassion to the families they serve. I am very displeased thus far with Family Foundations. I hope after reading this email they will implement their policy and procedures, and respond to questions and concerns appropriately and sufficiently.

Sincerely,

A concerned parent
