Re: Response to Final Report

Dear Mr. Carwell,

On January 2, 2013, MOT Charter School submitted an application to modify its charter to include grades 9-12. The Charter School Accountability Committee issued its Final Report on May 23, 2013, recommending that our application be approved. The Final Report noted one condition regarding the specific interest preference. This letter is intended to satisfy that condition.

The Board of Directors has authorized me to clarify that MOT's Application for Modifying an Approved Charter, dated January 2, 2013, also requests a major modification to its charter to add as an enrollment preference for grades 9-12 students who have a specific interest in the school's teaching methods, philosophy, or educational focus, as further delineated and described in the application.

I am available at your convenience should you have further questions or need additional information.

Respectfully,

Linda J. Jennings
Head of School

cc: Brian Glancy, Board Chair
