Support Pike Creek Charter School

Sponsored by: Pike Creek Charter School Board of Directors

About the petition

Within the five mile radius of Pike Creek Charter, there are currently 12 elementary schools that feed into 5 middle schools. This limited option leaves 2.4 elementary schools feeding into 1 middle school. As you may already be aware, these schools are becoming quickly overpopulated. It is evident that the Pike Creek community would benefit from another middle school option, which could happen with your help.

Pike Creek Charter is a potential middle school that would serve students in grades 6-8 in the Pike Creek and other surrounding areas. Pike Creek Charter will not only give students another middle school option but we will be the only middle school in the state with a health and wellness focus. Our goal is to open Pike Creek Charter in September 2014.

Quick Facts-

Our school will offer:

Dual-certified teachers that specialize in Kinesthetic Learning

Strong emphasis on building healthy and active lifestyles

Rigorous academics through research proven curriculum and instruction

One hour of physical activity a day which will include unique classes such as Yoga, Zumba, strength and conditioning

Advanced health, wellness and science classes

Twice yearly projects that encompass all classes

Nutrition classes and healthy food options

Community service mandated

On site pool

Page 2 of 19

Community support is especially important to us and also a significant part of the charter application process.

As we approach the submission of our charter to the Delaware Department of Education, we need supporters like you to sign in support of our potential new school. Thank you in advance for your support. After signing, please forward to family, friends and neighbors via e-mail, Facebook and Twitter.

Please visit our blog for updates on our progress and more details regarding Pike Creek Charter School.

We, the undersigned, are in favor of opening Pike Creek Charter School.

Comments: it would be nice if the school was actually in the Christina School District as all of the good charter schools are located in

the Red Clay School District and for those of us in Christina, it is very difficult, if not impossible to get in.

106. Name: Anonymous on Sep 06, 2012

Comments: I LOVE this idea!!! My child is only 2 now, but I would definitely consider this school when she is old enough. Something

like this would really benefit the community and the state, which I think could really benefit from more healthy lifestyle awareness. No

better place to start than with our children!!!

Comments: This would be great and is well deserved. I have always lived in this area and would like my taxes to support a new school with the focuses mentioned above.

239. Name: Laura Gibler on Dec 02, 2012

Comments: I plan on attending your 12/13 Town Hall so that I can learn more about this school.

Comments: I've absolutley noticed the problems with the Pike Creek area schools. I'm all for a new middle school, as it only makes

sense. I cringe over the thought that my daughter may have to attend AI Middle, when that clearly should be for children who live in

the City of Wilmington (based on location only). This is constant conversation at our dinner table.
