I helped her to open this school and until present she has ALWAYS put the school , children and parents first. She has always trusted her staff and co-workers to perform their duties efficiently even tho some members of her administration did her injustice in a financial way and I was there to see it in person. Now here

the school has a member of the administration has recruited his friends and frat brothers to serve on the board. This cannot be a successful way to operate a school and business. Dr. Brewington is an outstanding leader and should be in control of FFA. Need more information ,PLEASE contact me at 302-442-0569. "
