November, 2014

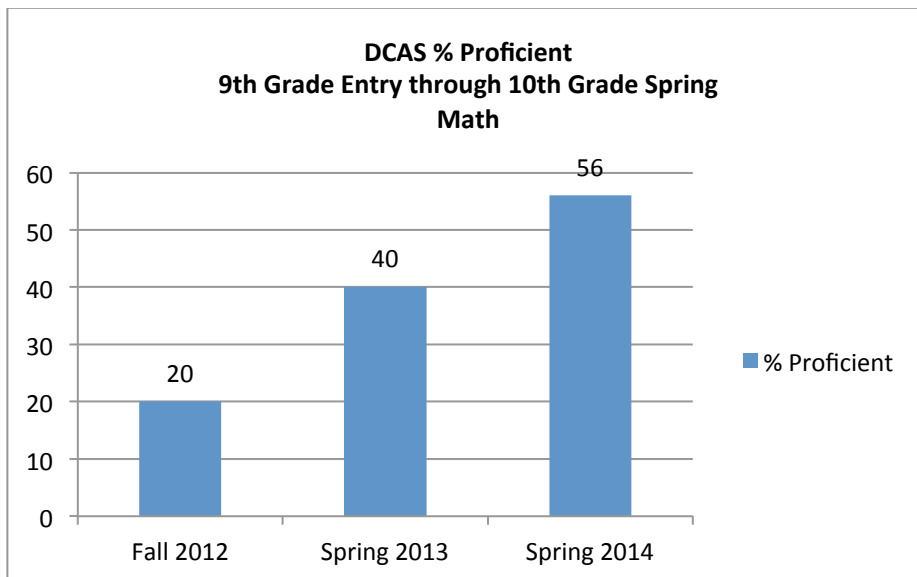

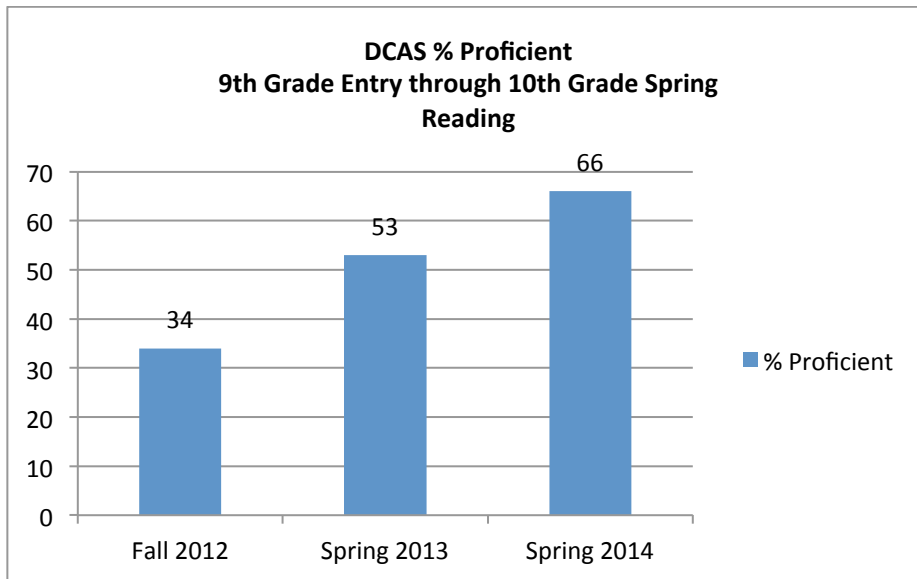

The committee requested baseline academic progress for incoming students.

Below are two views of cadets progress over enrollment period.

Two views of cadet progress are shared below:

1. The tracking of cadets meeting proficiency on DACS between the entry months of freshman year and the Spring months of sophomore year (improvement over 24 months).

DAPSS Cadets Growth over 24 month.

2. The progress of cadets as viewed from performance levels on DCAS exams. The percent of cadets scoring below or well below standard (PL1 and PL2) or at proficiency levels (PL3 of PL 4). The chart below show the reduction/growth between Spring 2013 and Spring 2014.
