The IRMC Extended Learning Opportunities Subcommittee is established to oversee coordination, research, and planning statewide for before and after school and summer learning programs for school-age children and advise the General Assembly and the Governor.
Duties of the IRMC ELO Subcommittee

The duties of the IRMC Subcommittee are as follows:

1. Research national and local trends and best practices in extended learning programs and services and recommend new public policy that aligns with that research.
2. Develop program standards and suggest funding protocols.
3. Establish standards for program performance and evaluation.
4. Make regular recommendations regarding coordination of services among different stakeholders, especially with organizations and programs providing early childhood services.
5. Submit a yearly summary of its recommendations to the IRMC to include in its annual report - April deadline
