### SCR 22 Education Technology Task Force

**Assistive Technology**

**Goal:** Review the current condition of technology in the public education classrooms and educational settings of the State and prepare a plan to outline actions that support Delaware becoming the premier state for utilizing technology in pre-kindergarten to grade 12 education.

As a result of the work of this subcommittee, we will:

1. **Recommend a phased plan for the implementation of the State educational technology plan;**
2. **Recommend a funding plan for the implementation of the State educational technology plan;**
3. **Recommend a plan to track and assess progress in the implementation of goals set forth in the State Educational Technology Plan.**

| • Matthew, Beth, and Patricia discussed the importance of assistive technology guidelines and innovative ways through which educators can better understand what assistive technology is. They shared how they are aware of exemplars in Assistive Technology handbooks/guidelines, such as work from Connecticut, Massachusetts, and Wisconsin. | Matthew  
Beth  
Patricia | By next meeting |
| • Matthew, Beth, and Patricia agreed to pull the handbooks and guidelines from ten states and subsequently identify the top five most compelling, understandable elements of each guide. | | During today’s meeting |
| • Develop a question related to AIM (Accessible Instructional Materials) for survey. | Beth  
Patricia | |

As a result of the work of this subcommittee, we will:

(j) Recommend a phased plan for the implementation of the State educational technology plan;
(k) Recommend a funding plan for the implementation of the State educational technology plan;
(l) Recommend a plan to track and assess progress in the implementation of goals set forth in the State Educational Technology Plan.
