

Order of AHEPA
Wilmington Chapter #95
808 North Broom Street
Wilmington, DE 19803

July 9, 2019

Ms. Susan Bunting, Secretary
Delaware Department of Education
Townsend Building
Dover, Delaware

Dear Secretary Bunting:

It has come to our attention that a grandfather of two Odyssey students, who is also a member of AHEPA, has engaged in a very contentious disagreement with another Odyssey parent.

Unfortunately, during this public squabble, the grandfather lost his temper and posted some very regrettable comments about the other parent on social media.

Although we cannot control the temperament and actions of our members, AHEPA does not condone nor encourage this type of behavior, which we find inexcusable and regrettable.

On behalf of AHEPA, we would like to express our most sincere regrets for this very unfortunate situation. Also, we plan to deal with this matter at the Chapter level and we promise that at a minimum the Chapter will convey to this particular member our collective dismay and disapproval of his actions.

Sincerely,

The Executive Committee
Wilmington Chapter #95
Order of AHEPA

Lawrence Sheila

VIA EMAIL

July 8, 2019

Dear Charter School Accountability Committee Members,

As a parent, businessman, community activist and adjunct professor for over 20 years, quality education has always been of utmost importance to me. It has been heartwarming and encouraging to have witnessed the benefits that the Odyssey Charter School has bestowed upon its students as it greatly improves the quality of education. The excellent staff, administrators and faculty continually inspire the educational community as they improve the learning experience and learning outcomes of their students. I believe that their results speak for themselves, as I am sure you agree.

Please recognize the enormous pride that the Odyssey Charter School gives to its local community and to the nation-wide community of dedicated educators who marvel at the fulfillment of their mission. I can think of no better example of selfless leadership than those who direct the Odyssey Charter School while their reputation nationally has indeed become a beacon of hope. Their efforts should be commended and supported as they serve as a role model for other communities to emulate.

I am confident you will recognize the overwhelming benefits that their successes have brought to their students, their families and to society as a whole.

Sincerely,

Dr. Zenon Christodoulou, MBA
