

## Mission Specific Goal Data Collection 2017-18

Freire Charter School- With our focus on providing a college preparator education, our mission-specific goal is for 90% of students to increase understanding of and exposure to colleges and universities by participating in college visits, invited speakers, or in-school workshops, courses, and programming.

Data sources may include:

- Participations rates for college visits
- Student participation rates for college-related events, speakers, workshops, courses, or other programming.

Data Source	Description	Results
Summer Clinic and Orientation Sessions	Workshop series with new and returning students about the importance of college, the admissions process, and what students need to be doing now.	Whole School— 95% Attendance
