Dear Charter School Accountability Committee:

I would like to thank the Charter School Accountability Committee (CSAC) for meeting with representatives from Las Américas ASPIRA Academy on October 28, 2019. This letter is to acknowledge receipt of the CSAC Initial Report on November 7, 2019. Per your request, we are providing you with responses to the two action items listed in the Conclusion section of the report (page 7). There are as follows:

1. **Science Curriculum:** The revised K-5 scope and sequence with engineering design standards was previously provided with our renewal application; however, we are providing it again as an attachment for your reference.
2. **Administrator Goals:** I have followed up with Mr. Saylor to inform him that all goal-setting conferences have been completed with the exception of one administrator that has been on maternity leave since August. That administrator is scheduled to return to work on November 12<sup>th</sup>; therefore, her goals will be completed by November 22<sup>nd</sup> at the latest.

We appreciate your thorough evaluation of our charter renewal application. Feel free to contact me if you require any additional information.

Sincerely,

A handwritten signature in blue ink, appearing to read "Margie López Waite".
