**Public Comment:** I am very excited Academia will be relocating to the Barley Mill Campus. My husband and I have stopped making arrangements to pull our son from the school since moving the school will be in safer surroundings.

Not being from Delaware, I had no idea how dangerous the area surrounding Academia's current location was, until one of my son's classmates was SHOT. Yes, SHOT!

Moving Academia to the Barley Mill Campus means that my son's life will no longer be in danger every time he and his classmates go to the current playground, which is nothing more than an open-fenced-in parking lot approximately two (2) city blocks away from the school (Wilson and 12th) littered with broken glass, trash and used syringes. My son and his classmates will finally be able to enjoy the great outdoors safely without being exposed to the dangers and cruel reality of the world that surrounds the school's current location.

Moving our school to Barley Mill is a HUGE relief!!!!
