

## MEMORANDUM

To: Charter School Accountability Committee  
From: Board of Directors, Delaware Design-Lab High School  
Re: Initial CSAC Report dated February 5, 2018  
Date: February 16, 2018

On December 30, 2017, Delaware Design-Lab High School (“DDLHS”) submitted a request to make a major modification to its charter (the “Application”). As required by regulation, the Application was referred to the Charter School Accountability Committee (“CSAC”). CSAC held an initial meeting to review the Application on January 24, 2018 (the “Initial Meeting”). On February 5, 2018, CSAC issued an initial report memorializing the discussions at the Initial Meeting (the “Initial Report”). This Memorandum shall serve as the response to the Initial Report from the Board of Directors of DDLHS (the “Board”).

Although the Initial Report did not request any specific follow-up information, the Board wishes to provide CSAC with an updated list of community partnerships and programming. DDLHS fully funds all student programming identified herein, including supplies and transportation, to ensure equal access for all students. A list of community partnerships and ongoing programming is annexed hereto as Exhibit A.

The Board also wishes to highlight a sample of student-led initiatives and earned awards derived from implementation of the design thinking process. A list of notable student achievements is annexed hereto as Exhibit B.

The Board thanks CSAC for its consideration of the Application and remains available at CSAC’s convenience should any further information be desired.

Exhibit A

Community Partnerships and Programming

<b>Partner</b>	<b>Program</b>
Teach for America	Teacher development (2018-2019)
Building Hope	Facilities development
Christiana Rotary, Interact Club	Student Club
