**Public Comment:** My grandson seems to be adjusting well with his classwork.

No other concerns at this time.

**Public Comment:** I was initially apprehensive about the school, but I have found that the school has a lot to offer the children in the form of exposure to real life experiences thereby preparing them for life after school. I would like to see more classrooms in order to expand the opportunity for students to learn at different levels. The faculty also needs expansion to accommodate AP certified teachers.
