**Public Comment:** FSMA has proven to be a wonderful school with an amazing, dedicated faculty, staff and leadership team. It is everything my family and I had hoped for and more. My kindergarten age daughter is thriving in the Montessori learning environment and I would love to have the opportunity to keep her in this environment through her middle school years and up through High School. Please approve this modification! We need more schools like this in Delaware where learning is the priority and each child is recognized individually for their unique strengths and learning challenges. Thank you for your consideration in advance. Kendra Young
