

NAEP 2017 DBA Technology

NAEP administration teams for digitally based assessments (DBAs) are comprised of an Assessment Coordinator (AC) and Assessment Administrators (AAs). The AC is the individual who works with the NAEP School Coordinator to plan for the assessment. The AAs are the test proctors. School's internet will not be used.

EQUIPMENT PER ADMINISTRATION TEAM:

- ◆ 2 Surface Pro 3 or 4 tablets for AAs to use to monitor the assessment
- ◆ 25 Surface Pro 3 or 4 tablets with keyboards and styluses for students
- ◆ Earbuds and, if needed, headphones for students
- ◆ Mice for students assigned to writing
- ◆ 1 Surface Pro 3 or 4 tablet for AC to use to connect the router and deliver tests
- ◆ Router and MiFi device
- ◆ Extension cords, power strips, and tape
- ◆ Flash drives for transferring test data to admin tablet if connection by router fails
- ◆ Antibacterial wipes
