

Comprehensive Induction Program

Big Picture Questions for Content Knowledge

Year Four

- Based on my data, what do I want to know more about related to the subject(s) that I teach?
- What evidence is there that demonstrated my content knowledge has positively impacted student learning?
- What possible activities can I participate in to develop my content knowledge in my areas of interest/challenge?
- How will I acquire this knowledge? What is offered at the universities or in upcoming professional development activities?
- If nothing is readily available, is there a book study, lesson study, or cluster that might help me acquire the skills and knowledge?
- What resources will I need to acquire the knowledge? (*Staff, books, technology*)
