

## **DeSSA-Alternate Decision-Making Tool IEP Review Protocol**

Student Last Name:		Student First Name:	Student ID#	
School District or Charter School:		School:		
Student Age:	Student DOB:	Student Grade Level on Date of Record Review:		
Name of DOE Representative Completing Record Review:		Date of Record Review:		

### **Legislation/Regulation Authority**

Title 1 of the Elementary and Secondary Education Act of 1965 (ESEA), as amended by the Every Student Succeeds Act of 2015 (ESSA) [ESEA §111(b)(2)(D) and 34 CFR 200.6(c) and (d)], modifies the provision that students with the most significant cognitive disabilities may participate in alternate assessments based on alternate academic achievement standards (alternate assessments). ESSA places a 1.0% cap on the number of students who may participate in alternate assessments. States that anticipate exceeding the 1.0% cap must submit a waiver request to the U.S. Department of Education.

Pursuant to the approval of our waiver of the 1.0% cap on the DeSSA-Alt participation, the DDOE assured that it would:

- Verify that each LEA that is required to submit such information to the State is following all State guidelines in 24 CFR 200.6(d) and address any subgroup disproportionality in the percentage of students taking the DeSSA-Alt;
- Implement, consistent with the plan submitted in the DDOE's waiver request, the system improvements, and monitor future administrations to avoid exceeding the 1.0% cap.

### **Focus of Monitoring:**

To meet the requirements of Peer Review: 5.1 Procedures for including Students with Disabilities

• Evidence that the State - Monitors implementation of guidelines for IEP teams to apply in determining, on a case-by-case basis, which students with the most significant cognitive disabilities will be assessed based on alternate academic achievement standards, if applicable.

#### Checklist for Alternate Assessment

- Current valid IEP
- Appendix B-3: DeSSA-Alternate Participation Guidelines

DeSSA-Alternate Decision-Making Tool IEP Review Protocol						
IEP Date:						
Criteria #1: Evidence of Significant Cognitive Disabilities  The student has a disability or multiple disabilities that <i>pervasively</i> impacts intellectual functioning and *adaptive behavior.						
*(Adaptive Beho Criteria Rating	*(Adaptive Behavior- essential for someone to live independently and to function safely in daily life- DLM definition)  Criteria Rating Little or No Evidence Partial or Inconsistent Complete and Notes					
Criteria Rating	1	Evidence 2	Consistent Evidence	Notes		
1□ 2□ 3□	The student's cognitive disability does not interfere with learning grade level skills and concepts across academic areas.	The student's cognitive disability interferes with learning grade level skills and concepts across some academic areas.	The student's cognitive disability interferes with learning grade level skills and concepts across all academic areas.			
	Data provided show the student is able to participate in all general state assessment with accessibility supports.	Data provided show the student is able to participate in one or more general state assessment with accessibility supports.	Data provided show the student is not able to participate any general state assessment even with accessibility supports.			
	With additional time, the student will be able to develop the skills needed to live independently or to function safely in their daily life at home, school and community.	With additional time, the student may be able to develop the skills needed to live independently or to function safely in their daily life at home, school and community.	Even with additional time, the student is unable to develop the skills needed to live independently or to function safely in their daily life at home, school and community.			
Criteria #2: Intensity of Instruction						
The student requires specialized direct instruction and/or a wide range of supports to acquire and transfer skills to school, home, work, and community environments.						
Criteria Rating	Little or No Evidence 1	Partial or Inconsistent Evidence 2	Complete and Consistent Evidence 3	Notes		
1□ 2□ 3□	Instruction and other skills provided in small groups and other settings lead to the best student gains.	Instruction and other skills provided in small groups and other settings lead to the best student gains.	Individualized instruction or a low student-to-teacher ratio for instruction (ex. 1:1, 1:2) leads to the best student gains.
