

Administrator Induction

Support & Networking for new leaders

How can I get ideas from others?

How can I make my first year great?

2021-2022 Schedule

The Department of Education is excited to provide a comprehensive induction program for all new administrators across the state. A northern cohort and southern cohort will meet throughout the school year. Sessions will be led by current administrators who will guide leaders in practical strategies to have a successful first year in their new role. Participants will be part of a supportive cohort with opportunities to network with other new leaders.

The program is required for first-time administrators OR administrators that are new to Delaware. Participants that complete the program will meet induction requirements in DE Regulation 1503.

See the reverse side for details - topics, dates, times, and registration information. Sessions are two-hours in length. Monthly sessions will alternate between in-person and virtual meetings.

First Semester Meetings

Topic - PSEL Standard(s)	Northern Cohort	Southern Cohort
