

FOCUSED

What is FocusED?

FocusED is targeted professional learning for educators to interact with national experts on today's biggest topics impacting education. Sessions are FocusED and brief for busy educators - about 60 minutes.

What's the format?

National experts join us virtually to focus on a pressing issue in today's schools. Facilitators lead a discussion on the application of the topic to schools in Delaware. Participants are eligible to receive free resources - books written by the national expert being featured for the month.

Who attends?

All active educators looking to refine their leadership skills are invited to attend this program.
