Funding Period: Fiscal Year 2022

**Delaware Department of Education
Opportunity Funding Form
2021-2022 School Year**

Application deadline: Friday, July 30, 2021

Purpose: The Opportunity Funding directed to mental health services provides \$5.0 million in FY20, \$2.5 million in HB 225 (Annual Appropriations Act) and \$2.5 million authorized in HB 226 (One-Time Supplemental). With a total supplemental amount of \$7.5 million over three years, the total amount will be \$15 million *contingent on future appropriations*. The Opportunity Fund is to provide additional funding for English Learner (EL) and low-income students.

For FY21, \$2.5 million is appropriated through HB 240 (Annual Appropriations Act). The guiding language regarding these funds and eligibility was amended through HB260 (Grants- In-Aid Act). The \$2.5 million allocated is supplemented with the \$2.5 million from HB 226 as referenced above. A total of \$5 million is appropriated for FY21.

For FY22, \$5.5 million is appropriated through HB 250 (Annual Appropriations Act). The \$5.5 million allocated is supplemented with the \$2.5 million as referenced above. A total of \$8 million is appropriated for FY22.

For FY22, these funds are apportioned and allocated to schools meeting criteria based on the prior year unit count: 1) a grade configuration containing K through 4th grade and (2) greater than or equal to 30% percent low-income and/or greater than or equal to 10% English Learner enrollment. There are schools that have been grandfathered because of meeting the threshold in FY21 and not meeting in FY22. This is noted.

This funding shall be used by school districts and charter schools for *mental health services* in the form of school counselors, school social workers or licensed clinical social workers, school psychologists, and/or for additional reading supports for grades K-5. Services may include the employment of staff, where such funding may be used to cover 100 percent of personnel costs on a 10 to 12-month basis and/or contracted services.

Allocation Method: Amounts vary per school and that amount is indicated below. Each LEA has already received the first half of the funding; the second amount will be released upon receipt and approval of this application.

Questions:

1. What mental health needs of your identified low-income and English learner students will you be addressing through these mental health services funds? *(Please indicate N/A if these funds are solely being used for reading supports for the two subgroups – EL and low-income.)*

The funds provided through this grant will greatly support our intensive student needs, especially during a challenging time. The Woodbridge School District is comprised of high percentages of low-income families, migrant families, a large EL population, and an ever-growing special education population. These vast needs cause our families to struggle accessing resources, understanding content and information that is being shared, and in the current environment providing instructional support during a time that requires a great deal of independent services feels insurmountable.

As a result, mental health supports and access to those resources are of the utmost importance. Families will not only need the ability to access counseling resources, food pantries, clothing support, monetary support, but they will need a consistent voice and person to check-in on their family's wellbeing.

The support of two Family Support Social Workers to check-in on families and connect them with local and internal resources will be vital to supporting families' mental health struggles.

2. What kind of mental health services personnel are you hiring or contracting (school counselor, school social worker, licensed clinical social worker or school psychologist)?

Through the funding provided from the grant, the Woodbridge School District will be hiring two Family Support Social Workers to work with our low-income and EL families to conduct home visits and assist families with connecting to local and school resources. The Social Worker will also monitor and assist with daily student attendance and participation in services, instruction, provide support with technological needs, and more.

3. Are you using these funds for reading supports for your identified low-income and English learner students in addition to mental health services or in lieu of mental health services? If so, what types of supports/services will be provided?

N/A

4. How will you know if these services or supports are effective?

The effectiveness and reliability of these resources will be measured through the following means:

- Family Participation
- Improvement in student attendance
- Overall school attendance
- Work logs of the Family Support Social Worker.

5. Is this money is being used to contract services?

YES NO

6. Please complete the State Funds Budget Form and State Budget Summary Form (attached).
