***RE: LEA Determination Under the Individuals With Disabilities Education Act (IDEA)***

Dear Ms. Erschen:

Under the IDEA, the Department is required to review the data of local education agencies (LEAs) relating to targets identified in the State's Performance Plan (SPP) and to make annual determinations on LEA performance.

For FFY 2014, LEAs are receiving their annual determination based on a combination of the following compliance and results indicators:

• **Compliance:**

- Indicator 4B                      Disproportionality in the rates of long-term suspensions of students with disabilities by race/ethnicity
- Indicators 9 & 10              Disproportionate Representation related to identification
- Indicator 11                    Timely evaluations
- Indicator 12                    Early childhood transition from Part C/preschool special education services to Part B/school-age special education services
- Indicator 13                    Transition planning in the IEP

• **Results:**

- Indicator 1                      Graduation Rate
- Indicator 2                      Drop Out Rate
- Indicator 3B                    Participation in the State Assessment
- Indicator 3C                    Proficiency on the State Assessment
- Indicator 4A                    Significant Discrepancy in the rates of long-term suspension of students with disabilities
- Indicator 7                      Early Childhood Outcomes.

**Based on a review of your LEA's data, the Department has determined your LEA *Needs Assistance* in implementing the regulations of the IDEA.**

Attached, please find an overview of the "IDEA General Supervision & Reporting Requirements" along with an explanation of how your LEA's determination was calculated. The response table provides the Department's analysis of the reported data, and identifies, by indicator, the LEA's status in meeting its targets.

Exceptional Children Resources staff will be in contact with you to discuss next steps. In the interim, please do not hesitate to contact me by phone at (302) 735-4210, or by e-mail [maryann.mieczkowski@doe.k12.de.us](mailto:maryann.mieczkowski@doe.k12.de.us).

# ***IDEA General Supervision & Reporting Requirements***

## ***The Department's General Monitoring Duties Under the IDEA***

By way of background, the IDEA requires the Department to monitor the implementation of Part B of the IDEA in the LEAs throughout the State, and to annually report to the public on the performance of the State and each LEA. The Department's monitoring activities must primarily focus on: (1) improving educational results and functional outcomes for all children with disabilities; and (2) ensuring that public agencies meet the program requirements of Part B, with a particular emphasis on the requirements most closely related to improving educational results for children with disabilities. The Department is responsible for monitoring LEAs using quantifiable indicators in certain priority areas, and for using qualitative indicators to allow an adequate measure of performance in each area. IDEA regulations outline the three priority areas as: (1) the provision of FAPE in the least restrictive environment; (2) the State's exercise of general supervision, including child find, effective monitoring, the use of resolution meetings, mediation, and a system of transition services; and (3) disproportionate representation of racial and ethnic groups in special education and related services, to the extent such representation is the result of inappropriate identification.

## ***The State Performance Plan and Annual Performance Reports***

The IDEA further requires the State to have a performance plan in place that evaluates the State's efforts to implement the requirements and purposes of Part B of the IDEA, and describes how the State will improve the implementation of Part B. As part of its State Performance Plan (SPP), the State must establish measurable and rigorous targets for various indicators under the three priority areas mentioned above. The SPP currently has seventeen indicators, and the State must report annually to the U.S. Department of Education on the performance of the State under the SPP.

In addition to its federal submission, the Department is responsible for reporting annually to the public on the performance of each LEA located in the State on the targets described in the SPP. On an annual basis, each LEA must use the targets established in the SPP, and the three priority areas mentioned above, to analyze and report on its local performance to the Department. In turn, the Department will review the LEA's performance and assign a determination level.

Based on the Department's analysis of data provided by each LEA, and information obtained through audits, monitoring visits, administrative complaints, due process proceedings, and any other publicly available information, the Department assigns one of the following determination levels: Meets the requirements and purposes of IDEA; Needs assistance in implementing the requirements of IDEA; Needs Intervention in implementing the requirements of IDEA; or Needs substantial intervention in implementing the requirements of IDEA.

*Federal and state regulations addressing the SPP, APR, and the LEA's reporting obligations can be found at 34 C.F.R. §§ 300.600-602, 646 and 14 DE Admin Code §§ 927.1.0 through 8.0, and §§ 40.0 through 46.0.*
