

## 1.6 Governance and Management.

---

### **Advisory Bodies** [14 Del. C. §§ 512(1)-(2) and (6)]

#### **1. Describe any advisory bodies or councils to be formed, including the roles and ...**

The school intends to create advisory councils for assistance and expertise in certain subject areas of the school. They include but are not limited to:

- Healthcare Sciences
- Physical Fitness
- Leadership
- Project Management
- Biotechnology
- Engineering

Advisories are in place to assist the Board and school with making decision that require expertise that may not be found on the Board at that specific point in time and to assist the school with forging partnerships with certain local entities that may be in a position to enhance the student's experience by offering shadowing, internship or co-op opportunities and by providing career opportunities to LTA graduates.
