

School Calendar and Schedule

1. Provide, in Attachment 6, the school's proposed calendar for the first year of operation. Include the length of the school day, as well as start and dismissal times. Explain how the calendar will support the success of the educational program.

See the proposed calendar in Attachment 6. The school calendar includes time for professional development and parent conferences which are all critical to the educational program. The calendar shows two weeks of professional development that all teachers must attend prior to the school opening since well trained teachers are essential to the academic success of students. Teachers will use this time to work collaboratively to incorporate content standards, build 21st century skills, and use business and engineering curriculum to facilitate learning. The school day will begin at 8:30am and end at 3:15.
