

Student Records. Describe the plan for the timely transfer of student and school data and records to the Department of Education, pursuant to 14 Del. C. § 512(13). (Note eSchool is the electronic system the State uses to enter and count students.)

VPS will be part of the state's eSchoolPLUS pupil accounting system. The use of this system will ensure timely transfer of student data and records to other schools and the Delaware of Education (DDOE). All staff members required to use eSchoolPLUS will be fully trained on the system. VPS will remain current with staff training and data requirements defined by the DDOE.
