UD Feedback on the Back Page**

Corrections for all UD Program Report Back Pages

- Please remove the telephone numbers in the contact information.
- The “Average SAT/ACT Score” is listed as 1650-1845. We do not know how this range was generated because we did not provide any ACT or SAT scores. In addition, a range of scores is not an average. Please list the “Average SAT/ACT Score” as N/A.
- We provided DDOE with the number of full-time faculty, full-time instructional staff, and adjuncts. The Faculty section lists the percentages of “Tenure/Full Time” and “Adjunct”. The sum of these two percentages does not add up to 100% on most of the UD program reports because the percentage of instructional staff was not included. Please change the Faculty section so that full-time instructional staff are considered in the percentages, allowing the sum to be 100% (e.g., a third category for staff with the heading relabeled as “Faculty and Staff”). Full-time instructional staff provide important contributions to the programs and should be recognized. The percentage of adjuncts is correct in all of the program reports.
- We provided DDOE with the average GPA for programs to the hundredths level. In some cases, the “Average GPA” on the program reports appears to be the GPAs we provided, but rounded to the tenths level with a zero added in the hundredths place, changing the value (e.g., 3.18 is not the same as 3.20). In other cases, the rounded GPA do not correspond to the GPAs that we provided. If the GPAs will be rounded, then they should be at the tenths level (e.g., show 3.18 as 3.2 and not 3.20). Please correct the rounding and/or change the GPAs to correspond to the GPAs we provided.
