

DELAWARE'S OUTCOMES DATA

The three child outcomes refer to knowledge that children need along with the actions required to function successfully across settings. To be successful, it is important for children to be able to get along with others, follow the rules in a group, continue to learn new things, and take care of their basic needs in an appropriate way. Achieving these outcomes will help children thrive at home, in school, and in many settings throughout their communities.

U.S. Department of Education Office of Special Education Programs (OSEP) has worked with State Education Agencies (including the Delaware Department of Education) to promote and support changes to education that will improve results for children with disabilities under IDEA. States are required to develop a State Performance Plan (SPP) describing how it will improve outcomes for students with disabilities over a 4-year period of time and to report annually on progress. Outcomes include areas such as graduation rate, dropout rate, participation and performance on assessments in reading and math, as well as compliance with all special education laws

Indicator 7C- Early Childhood Outcomes for Appropriate Behavioral Skills

Percent of preschool children aged 3 through 5 with IEPs who demonstrate improvement in the following three Early Childhood Outcomes:

C. Use of appropriate behaviors to meet their needs.

Measurement & Calculation:

Summary Statement 2: The percent of preschool children who were functioning within age expectations in each Outcome by the time they turned 6 years of age or exited the program.

$$\begin{array}{ccccccc} \text{Percent of preschool children who improved} & & & & \text{Percent of preschool children who} \\ \text{functioning to reach a level comparable to} & + & & & \text{maintained functioning at a level} \\ \text{same-aged peers} & & & & \text{comparable to same-aged peers} \\ \hline \text{Percent of preschool children who did not improve} & + & \text{Percent of preschool children who improved} & + & \text{Percent of preschool children who improved} & + & \text{Percent of preschool children who improved} \\ & & \text{functioning but not sufficient to move nearer to} & & \text{functioning to reach a level comparable to} & & \text{functioning to reach a level comparable to} \\ & & \text{functioning comparable to same-aged peers} & & \text{same-aged peers but did not reach it} & & \text{same-aged peers} \end{array}$$

Historical 7C Outcome Data : Summary Statement 2

FFY	2014	2015	2016	2017	2018	2019	2020
Target	65.00%	65.20%	65.30%	65.40%	65.50%	65.50%	59.35%
Actual Data	63.58%	64.27%	64.31%	63.58%	60.92%	59.14%
