

My name is Joelle Thomas and I go to Sarah Pyle academy. My history teacher Mr. Walker had took the time to give me great advice to help me figure out what I want to do after high school. Mr. Walker had made me realize that in order to get to what you want to be you have to take small steps to get there. I was conflicted about what I wanted to do after high school. My passion is music. What can I say I'm an artist. Out of all the things I wanted to do I always went back to my music. Mr. Walker had said "Make sure you have a plan B to fall back on." My question was "What if I wanna do my plan A and B at the same time?" My simple answer was I can be whatever I want to be. Its just gonna take a lot of effort to reach my goals.

### "Shoot for the Stars"

I'm going for the sky  
but i'm shooting for the stars  
trust me, this is hard for a student like me.  
so confused what to do  
need some help but from who?  
going for this, going for that,  
plan C and D, wait what is that?  
wanna be a super start, a writer, maybe a business in guitar  
need a lot of talent to be what I want to be,  
and if I work hard at it,  
I'll be where I want to be.  
why do one thing when I can do a million?  
The sky is to infinite, but the stars are beyond that.  
Gonna live the American Dream,  
and i'm not gonna fall back.
