Dear Ms Hudson

You are the best physical education teacher. I'm physically active every day and I enjoyed doing it. My friends and I always look forward for Tuesdays.

Rock-climbing was my favorite PE class even Eating healthy makes me stronger and that's all because of you. Trekking with my friends makes me feel happier and better. When I holape with my classmates we laugh at each other. Well this all paragraph explains why you are special for me. Keep this wonderful work!

Sincerely,
Diane Penard
