Teacher: Judith Agostini

Ms. Agostini is the best because at Easter she gave us an Easter egg in our eggs. When I don't know a word she writes it on the board. She's special too. The other thing is that she shows us songs. Ms. Agostini is better because she lets us play outside and inside too. Ms. Agostini tells about her son Andru. At Christmas she gave us some bags that had a candy cane. When it was Leprechaun Day we made a leprechaun. At Halloween we made Halloween stuff.

Teacher: Jennifer Saunders

Ms. Saunders is a special teacher because she makes almost everything the kids do even if they make a mistake. She doesn't let them feel bad because she makes a joke out of it.

She is always specking her mind not only to me on my half day report, but to every kid in the class. She is hard on us or easy on us. I like it when she's easy, but when she is mad I know she just wants us to do our hardest.

And that's why my teacher, Ms. Saunders, is a special teacher.

Mrs. Cordwell is funny because when someone makes a joke she laughs sometimes. She also makes jokes and we laugh. On the second day of school she had an essay about herself, and it was fun.

Teacher: Luis Marin

Mr. Marin is an amazing teacher because he is kind to us. Sometimes he rewards us when we are good. But he is also firm when we act up. He is so smart, no wonder he is a teacher. Mr. Marin is respectful. Plus, he's fun. Mr. Marin is hard-working and responsible. One reason why he is responsible is because he has a daughter to watch.

There's a bunch of teachers I respect, but I respect Mr. Marin the most. He is really good at Spanish. He should be in TAG. He should be in politics instead of a teacher!

Teacher: Michele Burke

My teacher, Miss Burke, is the most awesome teacher because she is the perfect mixture of fun and learning. She makes math and reading really fun and I've never had a teacher like that till now. She is the most fun teacher in the world. And the funny thing is I have learned a lot at the same time. She still knows how to chastise us (see I learned that word for her). For the first time ever I've been a straight A student because of the amazing stuff she has taught me. And that's why Miss Burke is the BEST teacher in the UNIVERSE!

Mariela Munoz
Grade 5
Lewis Elementary (Red Clay Consolidated School District)
Teacher: Michele Burke

My teacher Ms. Burke is special to me because she is always saying things about us, but they are good things about us. That shows us how much she cares and remembers us.

She is always staying late and taking all of her time making us great lessons so we can learn better. She always gives us her time. When she gives us lessons she tells us twice and if we don't get it she tells us we are welcome to come with her and she will explain it till we learn.

The good thing is that she is fair and she loves both of her classes and everyone she knows. I think I've learned more with her because she tells us until we learn. I think if she wasn't my teacher I wouldn't be able to pass middle school.

Ms. Burke is loving, caring, and a really good friend that would never leave you behind. She is always trying her best for us to learn and be prepared and be safe. She is like a mother because she wants us to reach our goals and that's why she is telling us tips and extras to be able to go on.

One thing I know is that she has always been there for me for when I need her and I believe she will never let no one down because she is the BEST. Those are all the reasons why my teacher is the best.
